Absent: Lucas Gilbert

Items of Business

2nd INTERVIEW OF CANDIDATES FOR FULL-TIME MAINTENANCE POSITION

2nd Interview of

_____ was tasked with operating a backhoe at the village shop in front of committee members. Committee asked a few questions. _____ described how he would go about putting in new sidewalks from start to finish. _____ described what kind of routine maintenance to do on a backhoe. _____ talked about how he would go about snow removal operations for a situation where it was snowing an inch an hour and began at 8pm. _____ described working during a tornado damage situation in the town. _____ talked about digging a 13 foot deep hole and using something to shore up the hole. There was discussion about electrical work and about calling JULIE before digging. _____ does not have a lot of knowledge of water towers, has never been in one. _____ was asked about water pipe sizing and what pipe would have a faster flow, which he picked the larger pipe. _____ was asked about water connections from the main to the shut off. He was taken on a tour of a well house.

2nd Interview of

_____ also operated a backhoe at the village shop for the hiring committee. The committee asked _____ about pouring concrete. _____ had done patch jobs in driveways and described steps to replacing a sidewalk. _____ described how he would go about servicing a backhoe to keep up on maintenance. _____ talked about a plan for keeping up on a snow event where it would snow an inch an hour, including pre-salting. _____ described preparing for a storm event like ice storm or tornado to clean up town. _____ was asked how he would go about digging a deep hole, which included reinforcing sides. _____ did not know about 3-phase or split phase electrical. He was asked about how long to wait to dig after calling JULIE in an emergency. _____ was asked about the purpose of a water tower or how it worked, which he was not familiar with. He answered a math question about which pipe would have a faster flow, which he picked smaller pipe with faster flow. _____ did not have knowledge about water connections at homes. He was taken on a tour of a well house.

Konen moved, Jones seconded to move into open session. Roll call: ALL YES. Motion carried 3-0. Meeting moved to open session.
