

# VILLAGE OF MANSFIELD

October 13, 2022 at 1pm | Meeting called to order by Lucas Gilbert

---

## Streets and Drainage Committee Meeting

---

**Roll call:** Lucas Gilbert, Todd Jones, Bob Henderson, committee members. Jessica Bartley, audience member.

### **Discuss items to include on Piatt County Hazard Mitigation Wish List**

Jessica Bartley said the list should include items to do with storm/disaster.

Jones said to keep sirens on the list, as three would be ideal and the Village has two and they are expensive. Jones would like to see drainage improved by dredging the ditch that runs north-south through town, which involves getting right-of-way permission from landowners. Bartley mentioned there is an item on the list about updating the flood map. Jones said the village would not have the money to do some of the projects, even at 50% cost. The list gets updated every 5 years so if something is not included this time, it can be added next time.

The committee agreed to put cleaning ditches, adding a siren to the list, which does not actually change the existing list. Bartley will submit the list to the Piatt County Hazard Mitigation group.
